## Fluke i17XX-flex1500/3pk iFlex® Current Clamps

### Product overview: Fluke i17XX-flex1500/3pk iFlex® Current Clamps

The Fluke 17XX 12 inch iFlex flexible current probes expand the measurement range of the Fluke 17XX Energy or Power Logger to 1500 A ac while providing the ultimate measurement flexibility. The iFlex probes connect directly to the logger, displaying current measurements without error prone scaling factors. The 1.8 m (6 ft) cord allows separation between the measurement location and the energy logger making it easier to view the display. Fluke 17XX iFlex cables are available in 12, 24, and 36 inch.
