## 2x Telephoto Infrared Smart Lens RSE

## Product overview: 2x Telephoto Infrared Smart Lens RSE

View your target magnified 2 times more than a standard lens, and reduce the need to enter the danger zone in your plant or to climb a tall ladder to capture the critical infrared details that could indicate your equipment has an issue.

Avoid the hassle of sending in your camera to calibrate with the lens — with smart lenses you can just attach the lens to any compatible camera and start taking images.

Made of 100% diamond-turned germanium with an engineered coating, the most efficient available material to transmit energy to the detector.

Compatible with RSE300, RSE600.

## Specifications: 2x Telephoto Infrared Smart Lens RSE

Description		
IFOV (spatial resolution)	RSE600	0.47 mRad
	RSE300	0.94 mRad
Field of view	12°Hx9°V	
Focus distance	45 cm (approximately 18 in)
