

TECHNICAL DATA

Fluke Infrared Camera Mounting Bracket

Product overview: Fluke Infrared Camera Mounting Bracket

Maintain a stationary position for your infrared camera, to ensure a steady stream of data to rule out anomalies created by infrared images captured from different angles or perspectives. Mount your infrared camera to keep a safe distance from the equipment being tested for temperature anomalies. This bracket is very easy to install, with only 6 screws needed.

Compatible with RSE300, RSE600
